Brief Bio data of Session Chair

Dr Rajesh Khanna is a self-motivated and highly passionate, alumnus of NIT Kurukshetra, IISc Bangalore and Thapar University Patiala, with outstanding academic record throughout his studies. He has experience of working across diverse organizational landscapes including the Haryana State Electronics Development Corporation, Ministry of Information and Broadcasting and THAPAR UNIVERSITY Patiala. Out of 35 years of my work life, for 11 years he was involved in research and development at HARTRON and managing people and teamwork at All India Radio Jalandhar. His initial teaching experience started as R&D engineer at HARTRON, where one of his responsibilities was to conduct refresher courses. Based on his educational and industrial experience he adapts his

teaching strategies to student's needs, considering factors such as student's background, class size, and course level. To explain complex concepts or understand challenging problems, he uses examples from industry to correlate the basic laws under them.

He generally gives some design project in the class to develop design skills of the student. For the last 26 years at Thapar University, besides teaching and research, he has contributed at University level as Head, Electronics and Communication Engineering Department, Director of Distance Education Department and Member of various committees.

In Thapar Institute he has been trained by Trinity College Dublin staff on various modes of teaching and learning program in 2016-17. Later on in 2018, he was sent to Trinity College Dublin, Ireland for attending Special Certificate program in academic practices. He has spent two months at Trinity college Dublin for attending Special Certificate Program in Academic Practices. Recently he spent two weeks at University of Queensland for teaching and learning program. At Thapar University, he has organised various faculty development programmes and is presently involved as facilitator of various core as well optional modules in Centre of Advanced Academic Practices and Learning (CAPSL). He always believes in leading from front, the quality clearly evident from the honors/ awards for outstanding work received at the three organizations where he served. He has significant experience in research guidance at the Ph. D. level as 35 Students have graduated and 05 students are currently doing PhD. He always believe in giving more than the salary earned back to the institute. At Thapar Institute he has Got funding worth 550.9 Lacs from various funding agencies like DST, NRB, DRDO, AICTE, UGC, MIE, DSIR, SAC-ISRO.

Personally, he is driven by the need to contribute to and master whatever he is engaged with. He believes that knowledge only shapes you but experience makes you solid Efficiency, effectiveness, high quality, impact driven approach are his key focus.

Bio data of the session chair

Dr. Inderveer Chana is Ph.D. in Computer Science with specialization in Grid Computing and M.E. in Software Engineering from Thapar Institute of Engineering & Technology, Patiala and B.E. in Computer Science and Engineering.

She is presently serving as Professor ,(Ex dean of student affairs) in the Computer Science and Engineering Department of Thapar Institute of Engineering & Technology, Patiala (India). Her research interests include Grid and Cloud computing and other areas of interest are Software Engineering and Software Project Management. She has more than 100 research publications in reputed Journals and Conferences including ACM Computing surveys, IEEE transactions on Cloud Computing, FGCS etc. Recently one of the her review paper has been nominated and selected for the ACM 21st annual Best of Computing Notable Books and Articles as one of the notable items published in computing for the year 2016. She also received 'Certificate of Merit' for presenting the paper “Cost based Resource Provisioning Policy for Grids” at The 2011 International Conference of Parallel and Distributed Computing held at Imperial College, London, U.K. from 6-8 July 2011

She is also the Reviewer of many Books and Journals and Program committee member of various Conferences of repute. Her current h-index is 19 and Google citations are 1234.

Under her supervision, seven Ph.D thesis have been awarded and five Ph.D. thesis are on-going in the area of Grid and Cloud Computing. She has also worked on major research projects in the area of Utility and Cloud Computing sponsored by Indian Govt. funding agencies like UGC, AICTE, CSIR, DST etc.

Research Projects

Sponsored Projects

- Utility Computing - "Energy aware resource Scheduling for Utility Computing" (Completed) sponsored by *All India Council for Technical Education (AICTE)*.
 - Duration: Two years (2012-14)
 - Grant-in-aid sanctioned: Rs. 6,50,000
- Cloud Computing - "Energy aware resource Scheduling for Cloud Computing" (Completed) sponsored by *University Grants Commission (UGC)*.
 - Duration: Three years (2012-15)
 - Grant-in-aid sanctioned: Rs. 11,68,000
- Autonomic Cloud Computing - "Autonomic Resource Prediction and Scheduling for Cloud Based Scientific Applications" (Ongoing) sponsored by *Council of Scientific and Industrial Research (CSIR)*.
 - Duration: Three Years (2015-18)
 - Grant-in-aid sanctioned: Rs. 6,90,000

Membership of Professional Institutions, Associations, Societies

- Member, Asian Council of Science Editors (ACSE), Dubai
- Professional Member, ACM and ACM-W
- Member, Editorial Board of International Journal of Parallel, Emergent and Distributed Systems, by Taylor and Francis Group
- Member, IAENG, International Association for Engineers
- Member, Centre of Excellence in Grid Computing at Thapar Institute of Engineering & Technology
- Member of (Machine Intelligence Research) MIR Labs, a scientific network for innovation and research excellence

Short Bio data of the Session Chair

Prof. Tejinder Paul Singh is presently working as Professor Operations Management at Thapar School of Liberal Arts and Science, Thapar Institute of Engineering and Technology (TIET), Patiala. Professor Singh has 37 years of teaching and research experience and ten years of industrial experience. He joined Thapar Institute of Engineering & Technology in 1988 and continued till August 2008. During this period, he occupied the positions of Professor & Head, Mechanical Engineering Department, Head Central Workshop, Dean Academic Affairs, Dean Resource Planning and Generation and the Acting Director of the Institute. Dr Singh got into the leadership role in March 2010 as the Director of Symbiosis Institute of Technology and Dean Faculty of Engineering, Symbiosis International University Pune and continued in these positions for close to eight years. He returned to TIET in January 2018 as Professor and Head Mechanical Engineering Department. From August 2021 to July 2024, he worked as a Professor at L.M.Thapar School of Management of TIET. Professor Singh qualified a certificate course in Academic Practice from Trinity College Dublin in the year 2020 and also works as Thapar Teaching Academic Fellow in Thapar Learn.

Dr Singh works in the area of manufacturing with a special interest in Lean Systems, Total Quality Management, Non-traditional Manufacturing and Additive Manufacturing. He has guided 21 PhD students and has a large number of publications in refereed journals of repute. He has carried out sponsored research projects, infrastructure projects and many industrial consultancy assignments. He has also been a Visiting Faculty at Purdue School of Engineering & Technology, Indiana University Purdue University Indianapolis (IUPUI), USA.
